COMPANY (FILED APRIL 1, 2015))

AMENDED ORDER NO. 8732

AND NOW, this 15th day December, 2015, the Public Service Commission ("Commission") determines and orders the following:

WHEREAS, on April 1, 2015, Delmarva Power & Light Company ("Delmarva") filed revised electric tariffs and requested approval of the 2015 Renewable Energy Portfolio Standards compliance charge rate and credit rate (the "2015 RPS Filing"). The 2015 RPS Filing included revised tariff leafs 39 to 41; 43 to 47; and 50. Additionally, Delmarva filed work papers supporting the proposed tariff changes; and

WHEREAS, as discussed further below, Staff has begun its review of the 2015 RPS Filing. At this time, pending further review of the 2015 RPS Filing, Staff recommends that the Commission approve Delmarva's proposed rate changes on a temporary basis, subject to refund with interest effective with usage on and after June 1, 2015, and with the appropriate public notice; and

WHEREAS, Staff further notes that Delmarva's 2015 RPS Filing includes implementation of the Renewable Energy Portfolio Standards compliance charge rate (the "RPS Charge Rate"). The RPS Charge Rate

consists of (1) the cost to acquire renewable energy credits ("RECs"), solar renewable energy credits ("SRECS"), and their equivalents necessary to comply with the Delaware Renewable Energy Portfolio Standards Act ("RPS"); (2) the cost and/or benefit of the energy from contracts for renewable energy entered into by Delmarva with the approval of the Commission; and (3) the adjustment of the Qualified Fuel Cell Provider Project ("Bloom") on the RPS Obligations. The RPS Charge Rate is \$0.003948/kWh for all service classifications, which is an increase of 14%; and

WHEREAS, also included in Delmarva's 2015 RPS Filing is the implementation of the Renewable Energy Portfolio Standard credit rate (the "RPS Credit Rate"). This rate is applied to the Delivery Service Charges¹ for those customers who entered into an energy supply contract with an Electric Supplier² prior to March 1, 2012, and whose respective contract included the cost of RPS compliance. The credit prevents such customers, in effect, from incurring the cost of the RPS Charge twice --- once in the RPS Charge Rate and a second time through the Electric Supplier's supply rate (which also includes this embedded rate). The RPS Credit Rate is \$0.005076/Kwh for all service classifications;

¹ "Delivery Service Charges" consist of Delmarva's Customer Charge, Distribution Charge, the Green Energy Fund, the Low-Income Charge and other charges as approved by the Commission. See Delmarva Power & Light Company, P.S.C. Del. No. -8 Electric, Fourth Revised Leaf No. 4.

² An "Electric Supplier" is a person, corporation, broker, marketer or entity (other than Delmarva) that the Commission certifies and which sells electricity to an electric retail customer utilizing Delmarva's transmission and/or distribution facilities. See Delmarva Power & Light Company, P.S.C. Del. No. 8 – Electric, Sixth Revised Leaf No. 5.

**NOW, THEREFORE, IT IS HEREBY ORDERED BY THE AFFIRMATIVE
VOTE OF NOT FEWER THAN THREE COMMISSIONERS:**

1. Pursuant to 26 Del. C. §306 (a) (1), the revised tariff sheets, including revised rates, filed by Delmarva on April 1, 2015, pertaining to its RPS compliance are approved on a temporary basis, with usage on and after June 1, 2015. Such rates shall be subject to refund, with interest, if the Commission shall determine in a final order that such rates are, in whole or in part, unjust or unreasonable.

2. Delmarva shall publish the form of notice attached as **Exhibit "A"**, in the following newspapers, on the designated dates, in two-column format outlined in black:

January 5, 2016 - The News Journal

January 6, 2016 - Delaware State News

Delmarva shall cause the affidavits of publication of the above notices to be filed in this docket within two weeks of becoming available.

4. Interested persons may file petitions for intervention, written comments, or objections to the proposed rates and tariff changes on or before January 26, 2016. If material objections or written comments are filed, or if Staff recommends changes to the proposed rates or tariff revisions temporarily approved by this Order, the Commission will determine, by further Order, the course of any further proceedings. If material written comments or objections are

not filed and Staff recommends final approval of the rates and revised tariff leafs, then the Commission may enter a final order at a duly-noticed public hearing.

5. Delmarva is hereby notified that it will be charged the costs of this proceeding under the provisions of 26 *Del. C.* §114(b)(1).

6. The Commission reserves the jurisdiction and authority to enter such further Orders in this matter as may be deemed necessary or proper.

On April 1, 2015, Delmarva Power & Light Company (“Delmarva” or the “Company”) filed with the Delaware Public Service Commission (the “Commission”) an application to make changes to its Electric Tariff related to THE Renewable Energy Portfolio Standards compliance charge rate (“RPS Charge Rate”) and credit rate (“RPS Credit Rate”), including revisions of the RPS Charge Rate and Credit Rate to both fixed price SOS and hourly prices (SOS and returning customer) services.

According to the Company’s calculations, the RPS Charge Rate will be \$0.003948, or an increase of 14%. On May 5, 2015, in PSC Order No. 8737, the Commission allowed the proposed rates and tariff changes to go into effect, with usage on or after June 1, 2015, on a temporary basis, but subject to refund with interest if the Commission later determines in a final order that such rates and charges are incorrect, unjust, or unreasonable.
